Code of Ethics

As a scientific organization, we are committed to:

- Acting honestly, truthfully and with integrity in all our transactions and dealings;
- Reporting conflicts of interest;
- Appropriately handling actual or apparent conflicts of interest in our relationships;
- Treating our grant recipients fairly;
- Treating every individual with dignity and respect;
- Complying with both the spirit and the letter of the law;
- Acting responsibly toward the scientific communities in which we work and for the benefit of the communities that we serve;
- Being responsible, transparent and accountable for all our actions; and
- Improving the accountability, transparency, ethical conduct and effectiveness of the scientific field.

Conflict of Interest Policy

The IFSI recognizes that its members and scientific meeting participants have broad interests and participate in many scientific activities, consulting opportunities, and may have other financial relationships. In all such cases, we understand that the potential for conflict of interest needs to be recognized and disclosed. Potential conflicts with poster, podium or other presentations at IFSI meetings will be required to be disclosed.
